## EDUCATION

### Bachelor of Technology

Centurion University of Technology and Management

09/2022 - Present

GPA : 9.54

#### Courses

- Computer Science and Engineering

## WORK EXPERIENCE

### Web Development Intern CodSoft

04/2024 - Present

As a Web Development Intern at CodSoft, I contributed to various projects aimed at enhancing web applications' functionality and user experience. Collaborating with experienced developers, I gained practical experience in both front-end and back-end web development.

### Web Development Intern Prodigy InfoTech

04/2024 - 05/2024

During my internship at Prodigy Infotech, I had the opportunity to work closely with the web development team, gaining hands-on experience in front-end and back-end web development. I collaborated on several projects aimed at enhancing user experience and optimizing website

### Web Development Intern OctaNet Services

04/2024 - 05/2024

Assisted in the implementation of dynamic features and functionality using front-end frameworks such as React.js.

### Frontend Developer Intern CodeAlpha

04/2024 - 05/2024

As a Frontend Development Intern at CodeAlpha, I collaborated with the development team to create responsive and user-friendly web interfaces. I gained hands-on experience in frontend technologies and contributed to various projects aimed at enhancing user experience and optimizing website performance.

## SKILLS

Programming Languages : C, CPP, Java, Python

Frontend Development : HTML, CSS, Bootstrap, Javascript, ReactJS

Backend Development : Flask, NodeJS, PHP

Databases : SQLite, MySQL, PostgreSQL, MongoDB

## PROJECTS

### CUTM Result Portal (01/2024 - 03/2024)

- Developed a web application using HTML, CSS, JavaScript, Flask, and MongoDB that allows students of Centurion University of Technology Management to search and view their semester results and cumulative grade point average (CGPA) by entering their registration number.

### Smart Pond Monitoring (01/2024 - 05/2024)

- Designed and implemented an IoT-based smart pond monitoring system to remotely monitor water quality parameters and environmental conditions in ponds or aquatic environments.

### IBM Quantum Computing Simulations with Qiskit (04/2023 - 12/2023)

- Utilized Qiskit, IBM's open-source quantum computing framework, to simulate quantum algorithms and experiments on IBM Quantum Computers

## CERTIFICATES

### Data Structures and Algorithms using C (09/2023 - 03/2024)

Successfully completed the course covering data structures and algorithms concepts using the C programming language, with a focus on practical implementation and problem-solving techniques.
